### Prez Sez

At our AGM on the 11th April we re-elected our previous committee and Chris Rossouw has agreed to keep our web site up to date.

After these necessary legal formalities we were treated to the calming sounds of a group of our own club members “The Black Notes”, Tarnya Wilson, John Hennessy, Chris Rossouw and myself.

This months band “Whisky ‘n Ice” is a 7 piece traditional jazz band lead by Richard

Desmond. Those of you who spent anytime in “The Bayside Lady” restaurant over previous Inverloch Jazz Festivals will know the sound well. If you feel like re-creating the mood bring a pizza along to the show.

Neville

### **STOP PRESS.**

*It has been rumoured that a champion golfing jazz club member has been asked to join the Tiger Woods team!. Can you verify this?*

### VALE - PETER EVANS

Peter and Carol came to live in Koonwarra after the hectic life of a “bargee” (as real European barge owners and workers are called) and open water mariner across the globe. They enjoyed the life of self sufficient land owners but never left the love of sailing behind. Peter could always regale you with an interesting tale of earlier exploits in their life. We extend our sympathy to Carol. ND
